

## Fall – E-Learning

### TELECOURSES

#### Courses available on videocassette to view at your convenience

Telecourses provide a convenient, flexible way to earn college credits in the comfort of your home. You can choose to set your own study schedule with lessons on videocassette tapes or watch lessons on cable television. Telecourses include weekly assignments, textbook and study guide readings, and easy access to instructors by phone or e-mail. Convenient exam schedules are a plus for busy students juggling job and family responsibilities. Some courses may require on-campus class sessions. The telecourse fee, not included in course tuition, is listed in the body of the course schedule.

## DISTRIBUTED LEARNING COURSES

Courses are on CD and use a tutorial-style program at a computer

Distributed learning courses other than telecourses require students to meet on campus for 50% of scheduled classes. The remaining time will be spent by students accessing course material, engaging in learning activities or interacting through the instructional management system. Students taking a distributed learning course will need access to a computer, e-mail, the World Wide Web and various computer software. Section designations are:

2 = Owens Campus 4 = Stanton Campus 5 = Wilmington Campus 6 = Terry Campus
