2008-2009 Financial Aid Instructions

To apply for student financial aid for the 2008-2009 academic year, you will need to complete the 2008-2009 Free Application for Federal Student Aid (FAFSA) at www.fafsa.ed.gov. The school code for Delaware Tech Stanton/Wilmington is **011387**. Delaware Tech's priority application deadlines for financial aid are listed below:

Fall Semester 2008	June 30, 2008
Spring Semester 2009	November 1, 2008
Summer Sessions 2009	April 1, 2009

Before completing the FAFSA form online, you will need to apply for a pin number, if you do not currently have one. The pin number acts as your electronic signature when signing the FAFSA form. If you were already assigned a pin from a previous years FAFSA application, use the same pin number each year. The website to apply for a pin is www.pin.ed.gov.

Once you submit the FAFSA form electronically you will receive an email in approximately 2 weeks directing you to a secure site where you can access your Student Aid Report (SAR) on the web. The SAR will list all of the information that you provided on the FAFSA form. Review your report to make sure that it is accurate; if corrections are needed contact the Financial Aid Office at Stanton (302-453-3706) or Wilmington (302-434-5552) to find out the procedure for making corrections. The Financial Aid Office will receive your FAFSA information as long as the school code is listed on your SAR. The Financial Aid Staff will review your information and will contact you if additional information is needed.

If you are currently enrolled in courses at DTCC, you can check your financial aid status at Delaware Tech by logging on to my.dtcc.edu. Your I.D. number and password needed to access the site can be found on the copy of your course schedule. Once your financial aid application is processed and complete, your financial aid award will be posted on the my.dtcc.edu site. New students to Delaware Tech will have access to my.dtcc.edu two weeks prior to the start of the first semester for which they have enrolled. You may contact the Computer Help Desk at 302-453-3749 if you have problems with the site.
