An opportunity to gain an associate degree from Delaware Tech and a bachelor's degree from Delaware State University.

YOUR PATH TO A BACHELOR'S DEGREE

Delaware Tech has established agreements with four-year colleges and universities that connect Delaware Tech associate degree programs with bachelor's degree programs to create smooth transfer opportunities for you. These Connected Degree programs enable you to complete your associate degree and then transfer to a four-year degree program as a junior.

THE CONNECTED DEGREE 2 + 2 CURRICULUM

Delaware Tech's associate degree program in Accounting provides students with core accounting, business, and general education courses as well as information technology and communication skills to prepare them for entry-level technical and professional careers in industry, in local, state, and federal government, and in public accounting. Additionally, students are prepared to continue their education at the bachelor's degree level.

Delaware State University offers a Bachelor of Science in Business Administration with a minor in Accounting. Students in this program gain a solid understanding of current issues in organizational management, the global competitive environment, economic trends, and cutting-edge technology. Furthermore, the program provides students with additional accounting courses required for the CPA exam. Accounting job opportunities for this degree include auditors, tax, management, and governmental accountants.

VALUE FOR YOU

By completing your associate degree at Delaware Tech, you'll receive excellent instruction in small classes at a campus close to home. Delaware Tech's affordable tuition can reduce the overall cost of your college education, making the completion of your bachelor's degree more manageable.

MAKING THE CONNECTION

Refer to the Connected Degree curriculum (on the reverse side of this page) for the sequence of courses needed to complete this program. Call Delaware Tech and let us help you follow the path to your bachelor's degree.
