

ACCOUNTING

Delaware Technical & Community College • www.dtcc.edu/connecteddegree

An opportunity to gain an associate degree from Delaware Tech and a bachelor's degree from Strayer University.

YOUR PATH TO A BACHELOR'S DEGREE

Delaware Tech has established agreements with four-year colleges and universities that connect Delaware Tech associate degree programs with bachelor's degree programs to create smooth transfer opportunities for you. These Connected Degree programs enable you to complete your associate degree and then transfer to a four-year degree program as a junior.

THE CONNECTED DEGREE 2 + 2 CURRICULUM

Delaware Tech's associate degree program in Accounting provides students with core accounting, business, and general education courses as well as information technology and communication skills to prepare them for entry-level technical and professional careers in industry, in local, state, and federal government, and in public accounting. Additionally, students are prepared to continue their education at the bachelor's degree level.

The principal objectives of Strayer University's Bachelor of Science in Accounting program are to provide students with a broad, fundamental knowledge of the field and to prepare students for employment in accounting careers. Students may exercise an individual option, through the selection of elective courses, which may allow him/her to prepare for professional goals such as Certified Public Accountant (CPA), Certified Managerial Accountant (CMA), or Accredited Business Accountant (ABA).

VALUE FOR YOU

By completing your associate degree at Delaware Tech, you'll receive excellent instruction in small classes at a campus close to home. Delaware Tech's affordable tuition can reduce the overall cost of your college education, making the completion of your bachelor's degree more manageable.

MAKING THE CONNECTION

Refer to the Connected Degree curriculum (on the reverse side of this page) for the sequence of courses needed to complete this program. Call Delaware Tech and let us help you follow the path to your bachelor's degree.

ENG 124	Oral Communication ¹	(3)			

- Course sequencing may vary by semester. See your advisor.
- RDG 120, Critical Reading and Thinking, is a required DTCC course unless the student is exempt. Students who take RDG 120 will receive transfer credit. Those who don't must take an additional elective at SU.
- A minimum of 180 quarter credits is required for the B.S. in Accounting from SU.
- ¹Choose two of these courses for SU transfer. Alternate choices of technology electives will transfer as general electives. DTCC course selections will determine remaining courses for completion at SU.
