

DENTAL HYGIENE TECHNOLOGY

Delaware Technical & Community College • www.dtcc.edu/connecteddegree

An opportunity to gain an associate degree from Delaware Tech and a bachelor's degree from Wilmington University.

YOUR PATH TO A BACHELOR'S DEGREE

Delaware Tech has established agreements with four-year colleges and universities that connect Delaware Tech associate degree programs with bachelor's degree programs to create smooth transfer opportunities for you. These Connected Degree programs enable you to complete your associate degree and then transfer to a four-year degree program as a junior.

THE CONNECTED DEGREE 2 + 2 CURRICULUM

Delaware Tech's associate degree program in Dental Hygiene includes didactic, laboratory and clinical experiences in preparing students with the knowledge and skills necessary to be eligible for licensure and employment as dental hygienists. The Dental Hygiene Program also provides a foundation for further studies at the bachelor's degree level. The program is accredited by the Commission on Dental Accreditation.

Wilmington University's bachelor's degree completion program in Allied Health is for Allied Health practitioners who have earned an associate degree with an Allied Health concentration. The Allied Health Education concentration is for those professionals who wish to teach the next generation of Allied Health practitioners. The program enables practitioners to transfer most, if not all, of their credits from their initial education. The goal of the program is to provide expert practitioners in the Allied Health field with the knowledge and skill needed to advance in their careers.

VALUE FOR YOU

By completing your associate degree at Delaware Tech, you'll receive excellent instruction in small classes at a campus close to home. Delaware Tech's affordable tuition can reduce the overall cost of your college education, making the completion of your bachelor's degree more manageable.

MAKING THE CONNECTION

Refer to the Connected Degree curriculum (on the reverse side of this page) for the sequence of courses needed to complete this program. Call Delaware Tech and let us help you follow the path to your bachelor's degree.

CONNECTED DEGREE CURRICULUM
