Course Title	Catalog Number	Section Number	Room Number	Number of Students	Contact Hours
Engr Drafting & Design II	EDD 142	501	B228	10	7
Intro to CAD Using Microstation	EDD 161	501	B231	7	4
Intro to CAD Using AutoCAD	EDD 171	503	A231	15	4
Eng. Drafting Design III	EDD 233	501	B228	10	

Total Number of Different Preparations **4**

Total Number of Students **42**

Total Contact Hours **15**

**Evening course*

Other Activities:

- Chairperson for the High School Drafting and Design Competition.
- Tech Prep Coordinator for the department.
- Study piping design information so as to include more piping design problems in my CAD classes.
- Continue learning new versions of Microstation, AutoCAD and Solidworks software.
- Continual development of instructional materials for better student understanding and achievement.
- Research advanced engineering graphics and manufacturing processes.
- Research grant opportunities for EDD program support
- Support SLOA implementation for EDD program
- Development of a drafting and design website to support engineering drafting and design classes
- Train myself and implement new 3-D Printer (Rapid Prototype Machine) into curriculum.
- Chairperson for the CAD Advisory Committee.
