Hawks lacrosse celebrate successful 2009 season

DOVER- Four of Delaware Tech's men's lacrosse players have been named as part of the All Region XIX Men's Lacrosse Team by National Junior College Athletic Association (NJCAA).

The Delaware Tech men's squad finished the season 5-0 in region 19 play for the season with #24 attack/midfielder freshman Scott Brozey (Cape Henlopen High School), #25 attack/midfielder sophomore Tyler Fry (Brandywine High School), #4 attack/midfielder sophomore Nate Gorski (Caesar Rodney High School) and #14 defender sophomore Brock Schaeffer (Cape Henlopen High School) leading the way to the team earning the status of Region 19 Champions for 2009 NJCAA season.

According to the team's coach, NJCAA Region 19 Coach of the Year, John Coveleski, this team has exceeded all expectations and has set the bar for another outstanding year for the 2010 season. Other NJCAA teams have learned that although the Hawks athletic program is young, all Delaware Tech teams have a competitive spirit that wins.

"We could not be prouder of our athletic program," said vice president and campus director Daniel L. Simpson.

The Hawks look forward to the same kind of success as the men's and women's soccer season begins and with the introduction of a new women's volleyball team.
