***The Bayhealth Medical Center Nursing Science Laboratory  
dedicated at Delaware Tech***

DOVER, DE—Delaware Technical & Community College dedicated the “Bayhealth Medical Center Nursing Science Laboratory” acknowledging Bayhealth for their generous contributions to Delaware Tech Terry Campus.

“With the dedication of the Bayhealth Medical Center Nursing Science Laboratory, we are honoring a long-standing partnership with an organization that helps us fulfill an important part of our mission – to help meet the workforce needs of Kent County by producing high quality, job-ready graduates,” said Delaware Technical & Community College President, Dr. Orlando J. George, Jr.

The Delaware Tech and Bayhealth partnership has grown substantially since the early seventies. Bayhealth representatives serve on the Delaware Tech Nursing Advisory Board, funds annual nursing scholarships and donates program equipment, and also provides practical hands-on clinical rotation opportunities for Terry Campus nursing students. Bayhealth has also made significant financial donations to support Delaware Tech students in need.

The Bayhealth Medical Center Nursing Science Laboratory is room 154 located in the Science and Engineering Technology Center on the Terry Campus.
