

## *Allied Health Technology*

# EMT- Management

www.dtcc.edu • Delaware Technical & Community College

*The Emergency Medical Technology Management Option curriculum provides the currently certified paramedic with a well rounded foundation in supervision and management. Students complete courses in supervision, management, and organizational behavior. The program culminates with a multidisciplinary capstone that will provide practice experience in supervisory situations. Students are provided the preparation needed for successful employment and promotion within emergency medical services.*

### What You'll Learn...

- Principles of Management
- Supervisory skills
- Technical knowledge and skills needed
- Methods of communicating effectively with patients and medical professionals, as well as with law enforcement and other emergency medical services professionals

### What You'll Earn...

- Employment opportunities in a variety of emergency medical settings
- The opportunity for a flexible work schedule
- A strong background for advancement
- Eligibility to sit for the National Registry examination

### Why You'll Succeed...

- Many of the higher paying jobs, now and in the future, will be in a technical career
- Employees with degrees tend to be more eligible for promotion\*
- Associate degree holders generally earn more than high school graduates\*
- Many credits from an Associate Degree may be applied toward a Bachelor Degree

# EMT-Management

You can enroll in EMT-Management Technology courses on either a full-time or part-time basis during the first year. The length of time required to complete a degree depends on the number of courses you complete each semester. Some students may need refresher courses at the basic or pre-tech level; others may receive transfer credit or credit for work experience.

## Getting Started

1. Obtain an application by calling (302)857-1020. Complete and return to the Terry Campus with a \$10 application fee.
2. Take the College Placement Test (CPT) *unless college-level math, reading, and English courses have been completed with a "C" grade or better.* The CPT will determine appropriate placement and is scheduled by the Admissions Office.
3. Request that high school and/or college transcripts be sent to the Admissions Office.
4. Meet with a Delaware Tech counselor to discuss CPT results.
5. Meet with advisor to plan schedule.
6. Apply and register early for the best selection of courses.

## Standards of Excellence

❖ Graduates of this program are recognized as valued health care professionals responsible for providing quality care and service to the community
