

Salary Plans

The Board of Trustees has established Salary Plans covering the computation of salaries and other terms and conditions relating to compensation. Copies of these plans are available for inspection in campus libraries and, for employees of the Office of the President, in the Human Resources and Legal Affairs Department.

All Salary Plans are reviewed periodically and, subject to the availability of funds, revisions, and adjustments are made to eliminate inequities and assure the maintenance of proper salary levels.

Delaware Technical Community College has four salary plans - A, B, C, and D.

Click on the navigation to your left to see a description, table and index for each plan.
