

Giving

An investment in the Future of Delaware

Leave a legacy that transforms a lifetime of success into a gift of everlasting significance. The Delaware Technical Community College Educational Foundation exists to bridge the gap between the needs and resources of the College. The non-profit, tax-exempt corporation was established in 1968 to raise funds to provide assistance to Delaware Tech students who wish to enhance their lives through education and training.

Help Future Students Transform Their Lives and Their World

Your support of Delaware Technical Community College ensures that post secondary education, job training and enrichment will be available to future generations of students. When you plan a gift to us as part of your long-term estate and financial plans, you will support our students and programs far into the future while ensuring that your loved ones are taken care of. For many qualified students, the only barrier to a Delaware Tech education is the cost of tuition. Will you help break that barrier?
