

Parking and Transportation

As a commuter college Delaware Tech offers abundant parking available free of charge to students, staff, and visitors. In addition, all campuses are accessible using public transportation.

All of our campus locations are in easy to access locations, close to major roadways.

Dover

Dover Hotline

For information on delays and closings due to severe weather or other emergencies, call (302) 857-1109.

Parking

When students register for classes, they are issued a college ID and a parking sticker. The sticker is for their benefit so they can be contacted if their lights are left on or there is another issue regarding their vehicle. It is not necessary to have a sticker to park in the Dover campus parking lot.

Bus Service

DART First State provides bus transportation for students, staff, and visitors at the Dover campus. See the [DART First State web site](#) for information on routes and fares.
