

Fees

Anyone is eligible to have their teeth cleaned and all new patients must be seen by a Delaware Tech Dental Hygiene student for their initial visit. Once services by the dental hygiene student are completed then financially eligible patients may be appointed a dentist. If a patient is not eligible for dental treatment, they will be referred to a private dentist.

Patients must meet financial requirements prior to any dental services being rendered for a reduced fee. Patients who consider themselves eligible must provide documentation of household income and complete a Patient Application to Financial Assistance Program form prior to the first appointment.

All lab costs incurred are the responsibility of the patient at 50% of the fee listed on the schedule of fees. Lab fees must be paid in advance of treatment.

Any questions regarding fees for Dental Services should be directed to the Dental Health Center Manager.

Emergency Services

Emergency visits are offered strictly on an appointment only basis.

These appointments are limited. You must have an appointment to receive treatment.

Walk-ins are not accepted. We have set fees for our emergency appointments.

These fees must be paid in full and in cash at the time of the appointment.

Extractions	70.00
Fillings	150.00

Important Payment Information

- Payments are due at the time of service.
- All charges for prosthetics must be paid for in full prior to delivery of final product.
- Fees indicated will be itemized per service to determine total cost to patient prior to procedures being started.
- The Dental Health Center does not accept consignment for dental insurance. Patients with third party payment plans must pay the Dental Health Center in advance of the Center completing the paperwork for the insurance company.
- Insurance payments will be paid directly to patients.
