

Business

Management

WILMINGTON CAMPUS

Fall 2021

Business Management prepares the graduate to handle supervisory level management positions in different types of organizational settings in all sectors of the business world. The student gains a broad based knowledge of support fields such as accounting, law, computers, and communications. You will gain knowledge and skills in specific areas of management such as resource training and development, project management, organizational behavior, and strategy development.

Business Management courses are offered day and evening and most are also offered using online and other distance learning formats.

*To complete program requirements, you must pass the above courses and earn at least **61 credits**. The number of courses and credits required for graduation may be more depending on your need for developmental education courses*

and the elective choices you make (if electives are a part of the program). Some programs also have college-level courses that you must take if you do not score at a certain level on the College Placement Test. If this applies to your program, the courses are listed at the top of the sequence sheet before the first semester of the course list.
