

Early Childhood Education

Early Childhood Studies

WILMINGTON CAMPUS

Fall 2021

The Early Childhood Studies program is an intensive study of the child from birth to eight years. This program prepares the student to work under the supervision of qualified teachers with pre-school children in a day care center, nursery school, or child development center. This program is designed for those currently employed in the child care field or for those considering the associate degree program in Early Childhood Education. Credits earned in this program may be applied toward an associate degree in Early Childhood Education.

ECE 127 - Childhood Classroom Mgt	3	3	0
EDC 108 - Applied Concepts in Educ Tech	3	3	0

*To complete program requirements, you must pass the above courses and earn at least **34 credits**. The number of courses and credits required for graduation may be more depending on your need for developmental education courses and the elective choices you make (if electives are a part of the program). Some programs also have college-level courses that you must take if you do not score at a certain level on the College Placement Test. If this applies to your program, the courses are listed at the top of the sequence sheet before the first semester of the course list.*
