

## Education

### Paraeducator

WILMINGTON CAMPUS

Fall 2021

*This associate degree program prepares students for a career as a paraeducator in a K-12 school setting. The program provides a foundation in academic skills, child development theories, literacy and mathematics instructional support strategies and a comprehensive range of educational experiences necessary for employment. The program will provide coursework that may transfer to a senior institution for those students who wish to do so.*

*To complete program requirements, you must pass the above courses and earn at least **61 credits**. The number of courses and credits required for graduation may be more depending on your need for developmental education courses and the elective choices you make (if electives are a part of the program). Some programs also have college-level courses that you must take if you do not score at a certain level on the College Placement Test. If this applies to your*

*program, the courses are listed at the top of the sequence sheet before the first semester of the course list.*
