

Entrepreneurial

Entrepreneurship

TERRY CAMPUS

Fall 2021

The Entrepreneurship program is a comprehensive program of integrated credit and non-credit offerings providing opportunities for students to learn successful entrepreneurship. Students may complete an associate degree in entrepreneurship, complete entrepreneurship courses while majoring in another career area for a dual associate degree, complete entrepreneurship courses for a credit certificate, or complete entrepreneurship courses in a non-credit format earning continuing education units (CEU's). Supporting offerings are provided, which relate to each of the entrepreneurship courses. These Supporting offerings include Meet the Entrepreneur Series and the Tell Me More Series where experts expand upon topics taught in the courses. An annual conference each spring will be a culminating activity.

Approved Electives

Select one elective to take in the fourth semester.

Group	Courses	Credits	Lecture	Lab
	ACC 162 - Computerized Accounting	3	2	2

MIS 220 - Management Information Systems	3	3	1
MKT 217 - Digital Marketing Fundamentals	3	3	1

*To complete program requirements, you must pass the above courses and earn at least **61 credits**. The number of courses and credits required for graduation may be more depending on your need for developmental education courses and the elective choices you make (if electives are a part of the program). Some programs also have college-level courses that you must take if you do not score at a certain level on the College Placement Test. If this applies to your program, the courses are listed at the top of the sequence sheet before the first semester of the course list.*
