

Human Services

Drug/Alcohol Counseling Certificate

TERRY CAMPUS

Spring 2021

Alcohol and drug addiction is a major public health problem in America. The consequences are far-reaching and affect individuals, families, and society as a whole. Our program will provide you with an understanding of drug use, abuse, and dependence and the related personal and social consequences. You will develop skills to provide therapeutic services for people dealing with substance abuse, with an emphasis on helping them maintain recovery and prevent relapse. As a graduate, you will be prepared for entry into the drug and alcohol counseling profession and/or to continue your education at a four-year institution to complete a bachelor's degree. This certificate program is designed to supplement an existing associate degree in a relevant area of study.

[DAC 244 - Dir Practice II-Drug/Alcohol](#)

Credits	Lecture	Lab
3	3	0
6	1	15

*To complete program requirements, you must pass the above courses and earn at least **18 credits**. The number of courses and credits required for graduation may be more depending on your need for developmental education courses and the elective choices you make (if electives are a part of the program). Some programs also have college-level courses that you must take if you do not score at a certain level on the College Placement Test. If this applies to your program, the courses are listed at the top of the sequence sheet before the first semester of the course list.*
