The Delaware Tech Owens CDC Alert System will provide Center information, in the event of an emergency or inclement weather delay or closing.

The safety of the college community is among our highest priorities. In the event of an emergency or weather-related closing, the college will deploy the mass notification system "Delaware Tech Alert" to provide you with important information. Notifications will be sent via email, but can also include text and voice messages.

Notifications will be sent using the contact information you provide in "Delaware Tech Alert." This information will be used strictly in connection with the mass notification system and will not be published or disseminated.

It is important that you provide, and regularly update, your contact information including home and cell phone numbers. Failure to provide or update home and cell phone numbers will result in Delaware Tech's inability to contact you through text or voice message of a potential danger, emergency or closing.

You will not be charged by Delaware Tech for this notification service. Text and voice messages may result in charges by your mobile service provider and are not the responsibility of Delaware Technical Community College.

Dear Families,

Because you are valued members of the College community, we would like to share important Information regarding the “Delaware Tech Alert” emergency notification system used by the College.

The safety of the College community is among our highest priorities. In the event of an emergency or weather-related closing, the College will deploy the mass notification system “Delaware Tech Alert” to provide you with important information. Notifications will be sent via email, but can also include text and voice messages.

Notifications will be sent using the contact information in “Delaware Tech Alert.” This information will be used strictly in connection with the mass notification system and will not be published or disseminated, except as may be required by law.

Your contact information will be provided to the College alert administrator by the Child Development Center director. Please see attached “Parent Sign-up Instructions for Delaware Tech Alert”. It is important that you provide, and regularly update, your contact information including home and cell phone numbers. Failure to provide or update home and cell phone numbers will result in Delaware Tech’s inability to contact you through text or voice message of a potential danger, emergency or closing.

Please save the section below for your records as it outlines the steps to take to make updates to your contact information.

You will not be charged by Delaware Tech for this notification service.

Text and voice messages may result in charges by your mobile service provider and are not the responsibility of Delaware Technical Community College.

I verify that I am responsible for maintaining current contact information, including home and cell phone numbers, and that failure to do so will result in Delaware Tech’s inability to contact me via text or voice message of a potential danger, emergency, or closing utilizing the “Delaware Tech Alert” system.
