Steps for Admission to Delaware Tech

• Complete this application and review it for accuracy. Any information indicated “for statistical purposes only” will be used solely for institutional research. Your cooperation in completing this information is appreciated.

• Submit the application to the Admissions Office at the campus where you plan to attend.

Other Steps for Enrollment in Courses

• For course placement, participate in the college testing and placement program. Test information and a schedule will be provided. Visit www.dtcc.edu/placement to view sample test questions. Official scores from SAT tests may be submitted to satisfy this requirement. Applicants who hold a bachelor’s degree, associate degree, or transfer credit from another institution may be excused from part or all of the placement testing program upon presentation of an official college transcript.

• If you plan to transfer college credits to Delaware Technical Community College, request that your official transcript(s) be sent to the Admissions Office; course descriptions may also be required. Note: Unofficial transcripts issued to students will not be accepted. Check with your previous institution(s) for their transcript request procedures. If applicable, submit Advanced Placement test scores from your high school, Tech Prep verification, or CLEP or DANTES scores.

• To qualify for in-state tuition, provide proof of Delaware residency (e.g. driver’s license) at the time of application or prior to first registration.

• Request that your high school send a final official transcript to the Admissions Office.

• For assistance in registering for classes, contact your campus advisement center or your academic advisor.

For full access to college services, complete these steps at least 30 days prior to the first day of class.
