CAMP OBJECTIVE
It is our goal to provide a youth camp that will challenge campers to further develop their minds and bodies through various activities. These activities will invite campers to expand their awareness of goal setting, teamwork, diversity, and sportsmanship. Most important, we will express the value of having fun and meeting new friends. Our staff is committed to helping each camper fulfill his/her individual potential and to guide that camper to become “the best that he/she can be.”

Anyone not providing identification will not be permitted to take the camper off the grounds until a parent or guardian is contacted by telephone. Due to the nature of our off-campus trips, we do not permit early dismissals during off-campus trips except in the case of an extreme emergency. Please contact the camp office directly at (302) 857-1400 to make arrangements. We appreciate your cooperation.

CELL PHONE/INTERNET POLICY:
Please note that some camps may have access to Delaware Tech Computer labs (and the internet) for the completion of class projects and activities. Students will be expected to follow strict rules and directions while in the computer lab. Students who abuse this privilege and/or do not comply with the instructor’s rules and directions, will be removed from camp. Any parent who does not wish to allow his/her child access to the internet must provide written notification prior to the first day of camp. Cell phones are not allowed in camp.
DRESS CODE:
Shorts, t-shirts, athletic socks, and gym shoes are acceptable attire. Remember, campers will be involved in many different activities, so the more comfortable they dress, the better. Some activities will take place outside; therefore, a hat is recommended for those outdoor activities. Campers should label their clothing and any bag they bring with them.

FOOD:
**Breakfast is NOT included in camp.** Delaware Tech will be participating in the USDA Summer Food Service Program. Lunch will be provided for all campers. No vending machines or school store purchases will be allowed. Students will not be allowed to eat or drink in classrooms. Our cafeteria and outside patio will be the only locations where food will be allowed. Water and other drinks will be provided throughout the day to ensure proper hydration.

CAMP ESSENTIALS/WHAT TO BRING:
**Sunscreen:** Campers may be participating in many outdoor activities. To be prepared for the sun, apply sunscreen every morning before coming to camp. Campers may also bring more sunscreen with them to camp.
**Smock:** Some campers will be involved with arts & crafts activities. Campers may want to bring a smock or old shirt they wouldn’t mind getting dirty to protect their clothing.
**Athletic Gear:** Some campers will be involved in daily athletic activities. It is recommended that campers wear gym shoes to camp. If students are enrolled in specific sports camps, the campers should bring the appropriate equipment that can be found in the camp description. Again, please be sure to label all equipment you bring to camp.

**Lost and Found:** The Lost and Found is located in the Public Safety Office in the Terry Building. Please check there for camper’s lost possessions, or in Education and Technology Building room 721.
