5. Other comments:

-The classes I have taken at DTCC have been very educational and rewarding. I have been able to practice the theories and concepts in my field.

- I have enjoyed the guest speakers college reps and the knowledge they have provided about their programs. The Human Services programs have been very rewarding.
- I have enjoyed the instructors and the curriculum. Abnormal Psych is too hard.
- I've attended 3 colleges and I've had the most attention from the Del Tech staff than at any other college. I love how personable this program is.
- The Human Services program has opened up new opportunities for me in the job field.
- I don't like hybrid classes.
- Great advisors and class instructors.
- Program is great.
- Less writing assignments.
- Enjoy Del Tech
- This program is very informative and it is a joy to learn here.
- I loved how I was able to meet with my advisor each semester to schedule my classes and everyone has noticed my maturity as I have worked through this program.
- Very good program, teachers genuinely interested in you and enhance your learning experience.
- I've had an awesome experience here at Del Tech in the HS program. It has been a smooth, fun journey thanks to the staff.
- DP hours are too much for working students.
- Instructors are very knowledgeable in content area and seem to have quite a bit of field experience.
