Early Childhood Laboratory School
Photo/Activities Enrollment Authorization

The Child Development Center ("CDC") is an integrated component of the Delaware Technical Community College Education Department. The CDC programs provide best practices models for future educational professionals. In addition to the College’s Education Department, the CDC partners with Delaware Tech’s Allied Health Departments and state, federal, and accrediting entities. These partnerships enable the CDC to provide the best possible care for your child through educational assessments and child care training activities. Therefore, your child’s care at the CDC may be used for the purpose of training Delaware Technical Community College students in fields serving children and evaluating CDC staff and programs by the College’s Education Department, state and/or federal regulatory bodies.

Your child may be photographed, video-taped, and observed while engaged in learning activities as part of the educational process and to promote the opportunities provided by the CDC. Last names of CDC students will be omitted from all educational assessments and from any CDC promotional initiatives.

I, the undersigned parent or legal guardian of __________________________, hereby give the CDC and the Delaware Technical Community College my permission for my child to be photographed, video-taped, and otherwise observed at the CDC, together with the right to use publish and reproduce in whole or in part any such images or observations, for the purpose of educational analysis, training, and promotional activity at the CDC and at the College. I hereby waive any right that I may have to inspect or approve any such images or observations and voluntarily agree to release and hold harmless the CDC and the Delaware Technical Community College, its employees, officers, agents, representatives, trustees and assigns, from any and all liability arising out of or in any way related to the use of the photographs, video-tapes, or observations of my child as set forth in this Authorization.
